Warwick MBA and Strategy & Transformation Consultant with 5+ years architecting market entry, growth strategy, and operations transformation programmes across Automotive, BFSI, Consumer Goods, and Digital Media. Proven cross-functional leadership embedded at C-suite level, orchestrating multi-workstream change management initiatives that delivered £100M+ in capital allocation decisions, 240% revenue growth, and 15%+ operational efficiency gains. Combines rigorous financial modelling and due diligence capability with hands-on delivery, change management, and stakeholder management across complex, multi-geography environments. Track record of business development contribution, proposal leadership, and building lasting client value through digital transformation and process optimization.

PROFESSIONAL EXPERIENCE

Strategy & Transformation Consultant (Embedded) | Jaguar Land Rover | *Mar 2025 – Sep 2025*

- **Spearheaded market entry strategy** for a £multi-million D2C consumer launch across UK, Germany, and France, as measured by 15%+ improvement in channel economics, by architecting OEM-dealer commercial frameworks and incentive alignment models that resolved structural distribution conflict.
- **Orchestrated cross-functional leadership** across 5 workstreams (strategy, digital, commercial, operations, change management), as measured by sustained programme delivery against milestones, by operating as the operational right hand to the UK Managing Director and aligning C-suite stakeholders on KPI accountability.
- **Optimized commercial decision velocity**, as measured by reducing insight turnaround from days to hours, by deploying LLM-powered competitive benchmarking and market research workflows across the transformation programme.
- **Formulated go-to-market and pricing frameworks** across 3 geographies, as measured by C-suite sign-off on global rollout strategy, by aligning price-setting and commercial investment decisions with competitive positioning and segmentation data.

Digital Strategy & AI Consultant | IBM (Global Workforce & EdTech) | *Jan 2025 – Mar 2025*

- **Architected end-to-end digital transformation** and go-to-market activation strategy across 6 global markets, as measured by a 35% uplift in user engagement, by diagnosing platform growth barriers via first-principles structured analysis for a platform serving millions of users.
- **Restructured performance reporting infrastructure**, as measured by enabling real-time investment prioritisation, by building AI-augmented dashboards integrating LLM-driven data summarisation with automated reporting across a global ESG and workforce portfolio.

Strategy Consultant → Senior Manager | Pugmark Consulting | *Jan 2018 – Mar 2024*
(BFSI, Consumer Goods)

- **Spearheaded full-cycle growth strategy** and operations transformation for an FMCG client, as measured by 240% revenue growth and 20% margin expansion, by restructuring route-to-market operations and re-engineering unit economics across domestic and international markets.
- **Led due diligence and financial modelling** across 10+ multi-stakeholder BFSI, consumer goods, and infrastructure engagements, as measured by informing £100M+ in capital allocation decisions, by building scenario models and buy-side return frameworks for senior client leadership.
- **Optimized commercial documentation** and research workflows, as measured by a ~40% reduction in research time, by pioneering GenAI and LLM tooling for market scanning and competitive benchmarking across live client engagements.
- **Orchestrated change management** and process optimization initiatives across complex governance structures, as measured by improved organisational capability and reduced operational risk, by leading end-to-end business analysis and regulatory risk assessments.
- **Contributed directly to business development**, as measured by new client wins and proposal success, by leading proposal development, client pitches, and thought leadership content; mentored and developed 3 junior analysts.

Commercial Lead & Content Manager | Sportskeeda.com | *Jun 2021 – Mar 2022*
(High-Growth Digital Media - TMT)

- **Restructured organisational operating model** from the ground up, as measured by 40% organic revenue growth in 4 months, by building and scaling a 35-person cross-functional editorial and commercial team and linking output to revenue KPIs.
- **Optimized commercial performance tracking**, as measured by enabling real-time programmatic revenue decisions, by automating dashboards from large advertising datasets to synthesise audience behaviour into actionable insight.
